Invest in your people – empower them to succeed with the INREV Academy

In today's rapidly evolving real estate landscape, ensuring your team stays ahead of the curve is more critical than ever.

The INREV Academy is the leading and only dedicated provider of professional development in the non-listed real estate investment industry.

It is a one-stop solution for all your team's training and development needs. From expert-led courses and accredited certifications to a highly-regarded mentorship programme, we equip your team with the knowledge, skills and confidence to excel – today and tomorrow.

Why choose the INREV Academy

Keep your team competitive and ahead of the curve – with over 30 expert-led courses each year, we bring your team in front of diverse industry leaders, from a wide range of disciplines and expertise. Delivered by members, for members these sessions offer unparalleled insights and hands-on expertise.

'The connections our team made through the INREV Academy have been invaluable, both for our people and from a business perspective. The opportunity to support our people's passion for learning has been significant in offering new insights. These experiences truly give us a competitive-edge.'

Amy Shah, Savills Investment Management

What else is on offer

The INREV Academy Certificate

Fast-track your team's development with the only accredited certification in the non-listed real estate sector — the INREV Academy Certificate, developed in collaboration with Henley Business School and Maastricht University.

Empower your people with industry-leading expertise while demonstrating your commitment to their professional growth. Participants complete five flexible courses within one of two tracks — Portfolio Management or Corporate Finance — ending in a final written assessment.

Young Professionals Mentorship Programme

Connect emerging talent with seasoned industry leaders for personal development, networking opportunities, and soft skills training essential for career growth.

Running annually from July to June, this one-year programme fosters meaningful engagement in small group settings. Each mentor supports just three mentees, creating a dynamic environment where everyone has space to ask questions and share experiences.

But the benefits go both ways—senior professionals gain just as much from the experience, finding value in giving back, staying connected to the next generation, and sharpening their own leadership and coaching skills.

Start investing in your people with the INREV Academy. [Reach out to us](#) today to learn more about the programme and take your team's training and development to the next level.

'The INREV Academy offers flexible learning options which make it easy to upskill our team without disrupting day-to-day operations.'

Lauren O'Brien, Investor Relations at Areim
